Economy, Watchword of Colonial Wives

Their Early Dishes Form Basis for Recipes Mrs. Kate Stafford Will Demonstrate at Star's Fourth Annual Free Cooking School Beginning March 15

Everybody knows Jack Horner. He was the boy who sat quietly in his corner eating his pie like a good child should. Then "he put in his thumb and pulled out a plum," and such thrift suggests the early American housewife's economy to Mrs. Kate Stafford, who is being sponsored by The Star in its fourth annual free cooking school beginning Tuesday, March 15, at the Saenger theater.

The earliest cooks, Mrs. Stafford relates, were likely to produce a "plum" from almost any source for their usually large families.

They preserved every morsel of food in the menus which they served daily, not the dainties and delicacies of the present day table, but good wholesome food, which is still dwelled upon by many old-timers.

It was in these early kitchens that the famous American mince-meat had its origin. And the old "hasty-pudding" made in great hanging kettles, with "Injun meal, water and a snack of salt," has been revamped and worked over a hundred ways into the tasty puddings of today.

A woman has thus related for history her account of a typical Saturday baking:

"Early on Saturday morning the oven was heated with twigs and mother always had ready a large pot of beans, an Indian pudding in a pan, and loaves of brown bread and wheat bread. The first two stayed in from Saturday morning to Sunday noon, and she kept adding milk to the pudding. When we drove home, from

Warrant Is Issued Against Second of Murder Suspects

Hearing for Henry Wyatt Sought at Spring Hill Saturday

STATE IS NOT READY

County Officers Declare Hearing Will Be Held Later

An attempt to force the state's hand in the Alfred Wallace murder investigation was revealed Thursday when a warrant was sworn out against Henry Wyatt, second negro suspect, and a hearing demanded in the justice court of Mike Foley at Spring Hill Saturday.

News of the warrant against Wyatt took county officers by surprise. They had just bound over Ed Washington, another negro, to the April grand jury without bail, at a hearing in Hope municipal court Wednesday.

History of Two Arrests Wyatt was held nominally as a suspect, but actually as a witness against Washington.

Washington, the negro tried in Hope Wednesday, had been arrested by Sheriff John L. Wilson. The second negro, Wyatt, was picked up at the request of former Sheriff Jim Bearden, who had been retained as a special investigator by Mississippi relatives of the murdered man.

It was Sheriff Wilson's contention that the Washington negro was the real suspect, and Municipal Judge U. A. Gentry bound him over following Wednesday's hearing.

The warrant for Wyatt then followed. It appeared unlikely, however, that any hearing would be held before Justice Foley in Spring Hill Saturday.

Not Prepared Saturday Sheriff Wilson said Thursday that the state was not prepared to appear in Spring Hill Saturday. Information on the Wyatt case had not been filed with prosecuting Attorney Millard Alford up to 1 p. m. Thursday, so far as could be learned.

The sheriff indicated that action would be taken on the Wyatt warrant at a later date. He was seeking a conference with the prosecuting attorney Thursday.

Relief Car to Be Loaded Saturday

Hope American Legion Sponsoring Car of Food to South Dakota

A special carload of animal feed will be loaded out of Hope this Saturday by the Hope post of the American Legion for the relief of drought and grasshopper-stricken farmers of Charles Mix county, South Dakota.

The situation in South Dakota is described in the following appeal:

"State officials, competent veterinarians and special committees, after careful investigation, are agreed that over half of the livestock in Charles Mix county, South Dakota, will die of starvation before spring unless prompt free-will donations of feed are secured.

"This territory, normally one of the best livestock and farming sections in South Dakota, has been reduced to this desperate condition by the double calamity of drought and grasshopper plague.

"As soon as a carload shipment is ready, telegraph Albert Evans, general relief director of the Red Cross, at Mitchell, South Dakota, stating contents of car and approximate value, who will give shipping instructions, pay transportation charges and handle distribution through the regular county Red Cross organization.

"This appeal is authorized by the Geddes Chamber of Commerce in co-operation with similar organizations from the towns of Dante, Wagner, Ravinia, Lake Andes, Bovee, Platte, and Academy in Charles Mix county."

No Communication From Kidnapers Received By Family

Search Continued Entire Countrywide by Policemen

LETTER IS RECEIVED

Message Mailed From Boston, Mass., Offers Information for Searchers

HOPEWELL, N. J.—(P)—Charles A. Lindbergh, father of the kidnapped baby, today to keep police on their toes, made every effort to run down kidnapers of his baby son. There was no indication, however, that he had withdrawn his offer to the desired ransom for the return of his child.

Governor Moore of New Jersey, a visit to Colonel Lindbergh, that neither the Lindberghs nor the police had received any communication from the kidnapers.

Police were scouring the countryside and countless leads were followed in other states.

Letter Is Received BOSTON, Mass.—(P)—The kidnapped baby of Colonel Charles A. Lindbergh, according to a letter addressed to the famous aviator, held in a small town in New Jersey.

The letter was mailed by a woman of foreign extraction, a city wide search was taken from the mail and the authority of Colonel Lindbergh.

It read, in part, as follows: Colonel Lindbergh, I am very sorry to hear of your loss. I have no possession. I am very sorry to hear of your loss. I have no possession. I am very sorry to hear of your loss. I have no possession.

The letter, which bore an official stamp, carried a typewritten notice of the envelope, reading, "please spare no effort to have this message concerning Colonel Lindbergh's son rushed with all speed possible. This is a hoax but is vitally important."

50 Acres Needed For Berry Pledge

Only 100 of 150 Acres Obtained Under Missouri Pacific Plan

Hempstead county farmers have signed up for only about 100 acres to be planted in strawberries, when a pledge of 150 acres is needed to take advantage of the financing plan of the Missouri Pacific and W. H. Pigg, local dealer. If enough acreage can be secured, strawberry plants can be placed with farmers, to be paid for out of the first crop in 1933.

No mortgage on the crop is necessary, a promissory note being all the protection asked, according to Mr. Pigg.

The railroad is encouraging the planting of strawberries in this section to increase shipping from this point. Officials point out that berries grown in this section are ready for market just ahead of the North Arkansas crop. Their analysis of the strawberry crop in the state indicates that considerable acreage of former years was burned out by the drought of 1930, and has not yet been re-planted.

Says their report: "The strawberry acreage in Arkansas has shown a wide variation during the past seven years, from a total of 11,500 acres in 1925 to a peak acreage of 21,500 in 1928. A 14,000 acre crop in the state in 1929 produced an average of 58 crates per acre with a gross income of \$296.40 per acre. A 200,000 acre crop in 1929 produced an average of 51 crates per acre worth \$135.30. Because of two seasons of dry weather, strawberries were harvested from only 9,000 acres in 1931, less than half the normal acreage."

Shanghai Fighting Is Ordered Stopped

Japanese Holding 12 1/2 Mile Zone Around City Is Reported

SHANGHAI.—(P)—Admiral Nomura and General Shirakawa, navy and army commanders announced Thursday night that they had ordered the forces to cease hostilities in the Shanghai area.

The Japanese forces were ordered to consolidate the position they are now holding on the border of the 12 1/2 mile zone around the city, unless the Chinese government leaders had called for the summoning of all energies to be "turned toward resisting the Japanese aggression."

Nanking advices said that Premier Wang Chang Wei had urged the government to grant amnesty to all prisoners to be organized for military service or used for labor.

The Chinese claimed that the fighting was continuing at Woosung, which place the Japanese claimed they had captured late Tuesday fore noon.

GENEVA.—(P)—Negotiations for armistice at Shanghai have broken down. Dr. W. W. Yen, Chinese spokesman told the League of Nations assembly Thursday afternoon. He presented a report, saying that the Japanese terms were absolutely unacceptable and that further hostilities were unavoidable.
